Lively

The "N H C S" is our school and it's
really, really, really, really cool! Our new, awesome home is

"Twenty One Queen." Mister Andrews is our Head master, Mister Ponds is our

Dean.

We had seven values until this year, but we

added one more, so we have an eighth one here!
Cooperation

Laid back

We are

wishing we could all work together. Cooperation makes the world so much

better. It takes the effort of everyone. If we all work we can get things done.

If we keep teaching and learning from each other,

and make sure there's enough for one another, the world will be a better place.

We are wishing we could all work together.

Cooperation makes the world so much better. It takes the effort of every one.

If we all work we can get things done.

Haunting, seriously

Nikki and Tommy walking down the street, singing and talking

Up comes Freddy,

big, gruff bully from the sixth grade:

"Nikki and Tommy are K-I-S-S-I-N-G!"

Teasing

Serious

"Hey, Freddy, How would you like it if they teased you?"

With Humor

I wash my watermelon every other day.

I take it outside and together we play.

Don't eat your melon and be full because if you do you'll be a cannibal.

If your melon is hairy,
It is caring to show love to your watermelon.
With spirit

Courage

age is about facing your fears, being brave with no tears. You have to be strong and

be brave, but it's okay to be afraid of nightmares, heights,

animals and swimming.

Put your troubles on

the shelf and start believing in yourself. Put your troubles on the shelf and

start believing in yourself. Courage gives you the power to say no or

Earnestly (♩=100-104)

There once was a house that was

oh so creepy. In the pot was a louse, And Dad’s always sleepy.

Lily hung from the lights. The

tub was full of tea. The squirrels got into fights.

Moderately, sweetly

Trust-worth-i-ness is im-por-tant to us be-cause it helps to be hon-est and true.

Don't be bad, don't be sad, be trust-wor-thy and be glad.

Some-times when we for-get you must not give up or
you will feel blue.

At N. H. C. S. we depend on each other to be loyal and reliable.

Reliable

Spoken: "Trustworthiness"
Cantata Ending

Quick, energetic

And now you know the eight values. It's time for you to do them.

If you follow carefully there is nothing to them.
